

REMARKS

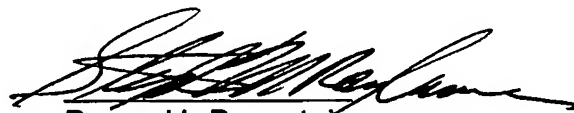

Entry of the foregoing amendment is requested prior to examination of the above-identified patent application. Applicants respectfully submit that the foregoing amendment does not add new matter to the present application.

By the current amendment, Applicant submits a new Abstract that eliminates the use of reference numbers therein, and which places the Abstract in better U.S. form.

The amendments made herein have not been made to overcome the prior art, and thus, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

Should there be any questions, the Examiner is requested to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,
